DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The function of analyzing of demographic data and modifying the merchant layout in the claims are unclear, that is, claims fail to clarify how to analyze demographic data (i.e., is demographic data analyzed in daily basis, for example?) and what of the merchant layout is modified (i.e., are products relocated to different location, for example?). Clarification and correction is required.

Additional Remarks

3. The lack of an art rejection with this Office action is not an indication of allowable subject matter (i.e., even though the claims 1-20 are rewritten or amended to overcome the rejection under 35 U.S.C. 112 as discussed above). The disclosure/claimed language is such that it is impractical to conduct a reasonable search of the prior art by the Examiner.
